One Year Prediction

As the planets move around the Great Circle of the Zodiac they pass through the 12 areas known as 'houses', each of which represents a different sphere of human life.* The moving planets also form angles or aspects with the positions of the planets in your birth chart. These planetary movements are called 'transits'.

Sometimes a planet appears to move backwards through the Heavens which is known as 'retrograde' motion, thereby repeating the aspects it makes to the planets in your birth chart. A retrograde planet is similar to the sensation experienced when you are on a train which overtakes a slower train, making the slower train appear to be moving backwards.

Your predictions for the year ahead should be used as a helpful guide only. Events in your life may vary from the ones outlined in this forecast. While the planets do not dictate your future, they do provide crossroads and signposts to guide you on your personal voyage through life, helping you to make the right decisions, at the right time, and in the right frame of mind. At all times it is for you to choose the best path to follow, and to develop the most positive elements of your personality.

*When the time of birth is not known, a Midday chart is produced, which makes it impossible to include the house transits in the report or to accurately determine your Ascendant (Rising Sign) position.

Feeling frustrated and angry this could be a very trying time. You may even have difficulty in focusing on your anger not really knowing where it is coming from but being all too aware of the incredibly intense feelings bubbling away inside you, just waiting to erupt in a fit of fury.

Perhaps this anger is the result of having to wait seemingly endlessly for a particular event to occur. You have now probably had enough of just sitting around, twiddling your thumbs, and feel an incredible powerful urge to take action. The problem is that circumstances, or people, could be blocking your way, therefore causing major frustration leading to anger. People who have some kind of authority over you may be a prime cause of concern. Think back to fourteen years ago as whatever happened around then could be affecting you again now.

The last thing you will want to do at the moment is to sit back and be patient but that is exactly what you need to do. Rushing forth with all guns blazing would be a mistake. Decisions made now need to be well considered and logical and not based on blind emotion. Concentrate all your additional pent-up, intense energy into constant hard work instead of deliberately looking for conflicts.

Also, as you could be somewhat accident prone during this time, beware putting yourself in dangerous situations and drive carefully.

If you feel confused, tired, irritable and downright depressed then it is not really surprising. During this period, responsibility for others will conflict with responsibility for yourself. On the other hand, you may have been ignoring the needs of both others and yourself recently and the consequences are now beginning to show. Painful memories from the past may also cause you to retreat into a safe, secure shell well away from life's daily pressures.

However, at the moment, you really need to re-establish your sense of purpose in life, and then start to accomplish this purpose in a meaningful and constant way. Find your own pace, and do not attempt anything that you are not ready for. Do not promise more than you can deliver.

Cold, emotional barriers may be erected to keep out pain and upset. The only problem being that these same emotional barriers could leave you feeling alone and isolated from everyone around you, but especially from those you love. This may seem like a 'no win' situation, but ultimately it is up to you to destroy these barriers, face up to your responsibilities and mend the bridges between yourself and loved ones.

Women, parents and older individuals will be less sympathetic than usual to your problems and may cause difficulties in your life either at home or at work. Perhaps there will be some kind of conflict between your home and professional life.

In particular, this would be an excellent time to embark on a new field of study or perhaps a training scheme, which could enhance your career potential. In your experience to date, you have already laid firm and strong career foundations it is now time to build those supporting walls.

Also, make sure that your hard work, self discipline and willingness to take responsibility is noticed by those who count. There is no harm in blowing your own trumpet every now and then, make them sit up and take notice.

If you are quite satisfied with your life at the moment, and do not have any particular goals of your own to pursue, then you will be in an excellent position to actually offer help and support to someone who is working extremely hard to achieve their ambitions and goals why not help them along that rocky path of progress?

This may not be one of the easiest times of your life. Your confidence may be easily shattered, and self inflicted feelings of self doubt could create problems where there are none. In other words, you could go looking for trouble, worrying about events and possibilities that have not even happened. You could be creating a situation by actually worrying too much; you could create anxiety attacks and problems which should never have existed in the first place.

Whatever you started, possibly seven years ago, may now be put to the test. This could affect any area of your life, your job, personal relationships, business or family life. Whatever the case, you will now be devoting much more time to deep soul searching thought questioning the direction and value of your life. In some cases, drastic changes will need to be made.

However, you may find that obstacles are put in your path. You will either decide to jump these hurdles or lay low until your strength and confidence returns, which should be after this period has passed.

One minute you could be feeling elated, full of confidence and on top of the world and then within no time at all you could find yourself sinking to the depths of depression. Try to find a comfortable middle ground until disruptive planetary influences fade away.

But this will actually be easier to say than do as at times you will definitely feel you are taking one step forward and then two steps backward going no where at all if not in reverse! Patience will be needed. Do not rush plans and ideas. You are probably now paying for being too impulsive and financially extravagant in the past. Therefore, if possible just for now, put temporary brakes on all expansion, new projects and financial and business matters.

Restlessness may also disrupt personal relationships. Your unpredictable and erratic way of behaving will certainly baffle others they just will not understand your sudden urge for personal freedom. Unless you are absolutely certain of your proposed actions be more prepared to compromise.

You are now either going to be capable of extremely hard work, with a determination and energy to drive you onwards and upwards; or you will simply feel that no matter how hard you are trying you are getting nowhere fast. Patience will not be your strongest virtue. Watch your temper and possible clashes with authority figures.

Mars is Transiting your Natal First House

This should be an active and energetic time. Prepared to stand up for your own rights, you will now be able to work extremely hard towards achieving goals and ambitions. Much could be accomplished, especially if you work on your own. Now is your chance to show everyone what you are capable of. However, there is a down side as well, as impatience and irritability heightens. Restrictions on your freedom will not be tolerated. Impulsively rushing into situations without sufficient forethought could also make you somewhat accident prone or prone to fevers and minor illnesses.

Saturn is Transiting your Natal Fourth House

Your home life may now be experienced as restricting, not very supportive, or lacking in emotional closeness, leaving you feeling unloved or inadequate. But if your sense of security is developed from within yourself, no one or nothing can take it away. Expect additional responsibilities regarding parents or you 'parenting' someone, in some way. Major repairs may be required to the home, or expensive bills could drain finances. Having reached an all time low, from now on it is uphill all the way. The struggle is nearly over. This is a time of new beginnings, so make sure your home and personal life is in order before you move on. Problems you do not clear up now may become a source of difficulty later.
