One Year Prediction

As the planets move around the Great Circle of the Zodiac they pass through the 12 areas known as 'houses', each of which represents a different sphere of human life.* The moving planets also form angles or aspects with the positions of the planets in your birth chart. These planetary movements are called 'transits'.

Sometimes a planet appears to move backwards through the Heavens which is known as 'retrograde' motion, thereby repeating the aspects it makes to the planets in your birth chart. A retrograde planet is similar to the sensation experienced when you are on a train which overtakes a slower train, making the slower train appear to be moving backwards.

Your predictions for the year ahead should be used as a helpful guide only. Events in your life may vary from the ones outlined in this forecast. While the planets do not dictate your future, they do provide crossroads and signposts to guide you on your personal voyage through life, helping you to make the right decisions, at the right time, and in the right frame of mind. At all times it is for you to choose the best path to follow, and to develop the most positive elements of your personality.

*When the time of birth is not known, a Midday chart is produced, which makes it impossible to include the house transits in the report or to accurately determine your Ascendant (Rising Sign) position.

Transiting Neptune Sextile your Natal Sun

This is a time when you will put friendship and love of others before your own materialistic needs and desires. You will be more concerned with helping friends, family or colleagues who come to you seeking help, support and advice. Around now, you may also find yourself involved in more activities and new interests which revolve around a large circle of friends or some kind of club, group or association.

Feeling compassionate, receptive and sensitive to the wants and needs of others you will now be more prepared to devote time to charity work and/or simply extending a helping hand to those who need it.

It is possible now for you to become more aware of your spiritual self. Why not allow yourself a few quiet moments every day for some restful meditation?

Now is also the time to use your powerful imagination and heightened creative talents in a positive way perhaps through writing, acting, composing music, painting, drawing or whatever artistic pursuit you enjoy the most. The beauty you now create will give much pleasure and gratification over the years.

Transiting Jupiter Square your Natal Sun

Considering yourself both invincible and indestructible, you are now likely to place unrealistic expectations on yourself. If you promise more than you can deliver, then squandered energy could result in disappointment and total exhaustion. Beware trying to accomplish too much too fast.

Financial extravagance and blind optimism could also deplete cash flow. You may feel as if your luck is in, but do not be fooled by superficial gloss and dubious get-rich-quick schemes. Money could also be squandered through being over-generous. Generosity is a virtue, but not when it is clouded by ulterior motives.

A devil-may-care attitude, a desire for danger and adventure and impulsive restlessness could cause you to rush headlong into action without sufficient forethought. You could therefore be prone to accidents.

Wanderlust could lead to travel, especially if you feel the urge to escape daily routine and responsibilities.

Feeling as if you are being pulled in opposite directions there is a certain amount of tension and confusion in your mind as to what to do next. You will not really know whether it is time to push yourself forward into the spotlight or to keep your head down and well out of the firing line.

One minute you could be feeling elated, full of confidence and on top of the world and then within no time at all you could find yourself sinking to the depths of depression. Try to find a comfortable middle ground until disruptive planetary influences fade away.

But this will actually be easier to say than do as at times you will definitely feel you are taking one step forward and then two steps backward going nowhere at all if not in reverse! Patience will be needed. Do not rush plans and ideas. You are probably now paying for being too impulsive and financially extravagant in the past. Therefore, if possible just for now, put temporary brakes on all expansion, new projects and financial and business matters.

Restlessness may also disrupt personal relationships. Your unpredictable and erratic way of behaving will certainly baffle others they just will not understand your sudden urge for personal freedom. Unless you are absolutely certain of your proposed actions be more prepared to compromise.

Ego clashes are likely with everyone and anyone who happens to be around! Lovers business colleagues friends and family none will escape your wrath.

Work could seem arduous as every step you take forward you may take two steps backwards. This will obviously just add to your frustration but don't expect much co-operation from colleagues as your own intensity and unsympathetic way of behaving could both threaten and alienate them. Also, this period often indicates a ruthless determination and ambition with the subject not caring who they trample along the road to success. This is not a way to 'win friends and influence people'!

Avoid any legal or official matters during this time, they could become problematic.

Even if you are satisfied with the current course that your life is following, unexpected changes may cause unwanted disruptions. For example, an unexpected love affair could rock the foundations of a stable marriage or sudden developments at your place of work or in your business could threaten your future career path or at the very least, cause you to question the path that you have chosen.

During this period you really will not take no for an answer. However, avoid being narrow-minded, you cannot be right all the time, and certainly do not allow your sense of self-importance to become over-inflated.

Being self assertive is one thing, but at times over-confidence can seem rather arrogant and opinionated to others. Unfortunately, lacking both tact and moderation, this is a time when you could really put your foot in it. Slow down a little both in thought and action.

Beware extravagance in all financial, business and career matters. Avoid exaggeration and do not promise more than you can deliver and do not become involved in shady business deals which are just slightly on the wrong side of the law. This would certainly not be the best time to fight any legal battles.

You could have problems with people in authority during this time. Taking orders and instructions could prove somewhat difficult as you will be under the impression that you know better. Your conduct could even become somewhat threatening.

Anything to do with foreigners, foreign places or travel could be somewhat precarious during this time, so avoid taking foolish risks. If on holiday, do not go for a moonlight stroll through the seedy end of a foreign town. Stay in safe and well lit areas.

From about: 1 April 2011 to about: 8 April 2011

Transiting Jupiter Square your Natal Mercury

Your mind will be full of ideas and plans for the future during this time. Feeling positive, if somewhat unrealistic, you will forge ahead and ignore any obstacles placed in your path. Interference and criticism will not be easily tolerated.

Nevertheless, talking and communicating with others and sharing your ideas will also be important to you but you must also be willing to listen to their viewpoint as well. Ignoring others needs and wants will not necessarily be an act of deliberate malice, but a result of exuberance and over-enthusiasm to see your own plans go into action and come into fruition. However, in envisaging an overall large scale scheme and outline for the future, you may overlook small, but vital, details.

Therefore, in ignoring these small but necessary and practical details, despite your enthusiasm, you may lack the necessary discipline to put your grand ideas into practice. Too many unresolved petty details could leave your mind confused and in a muddle. The small things of life may start to go wrong a car breakdown, missing a bus, losing credit cards, etc. Headaches could result.

If possible, temporarily postpone foreign travel or dealings with long distance business negotiations. Also, your privacy may be invaded in some way, perhaps by unwanted visitors suddenly appearing on your doorstep.

Follow your instincts. As long as you do not tread on other people's toes climbing up the ladder of success this is a time when you really cannot go wrong. Just make sure that they have been properly considered before rushing headlong into making major financial commitments.

Watch your weight especially if you choose the former option of just sitting back and enjoying life. Relaxing holidays taken now will probably be extremely pleasant, lazy and laid back but extra pounds gained devouring all that wonderful food will take months and months to shed.
